Gentlemen,

Are you yet interested in U.S. Bank of Philadelphia 10 inch plates, eagle border by Stubbs. We have not found so far any perfect plates at your price of \$ 20, had a proof plate of exceptional color offered at a little higher price. We have today to offer a plate which we consider as very good for the money

U.S. Bank, 10 inch plate, good color, check on edge, extending only a short way further than the edge, and hardly noticeable in front of the plate. The plate looks perfect unless examined very closely. Price \$ 12.50

Yours truly

[We will ship the Bank plate tomorrow.]

Dear Sirs,

Your letter received. We will ship the Bank plate tomorrow. Check means a crack on back, which does not show in front, or shows only on very close inspection. This is the case of our plate. When looking at it at first, one would not suspect it has a blemish. But of course it is not a perfect plate.

The plate costs us \$ 10.50 and we had some expense besides. We will make it \$ 11.50, which is extremely low. We have to make a little commission on it. It is much below its value

Yours truly
